v.

SETTLEMENT AGREEMENT

**KENTUCKY OFFICE OF MINE
SAFETY & LICENSING**

RESPONDENT

* * * * *

Come the parties, Petitioner Roger D. Russell (Russell), by counsel, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that was scheduled for September 14, 2006, the Petitioner hereby admits there is evidence that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his surface miner's certificate on August 16, 2006. This evidence would constitute a violation of KRS 351.120. Therefore, Roger D. Russell hereby agrees to the following:

1. The suspension of his surface miner's certificate until such time as his application for restoration of his certificate is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13), but in no event shall the suspension end sooner than September 28, 2006.

2. The Petitioner's surface miner's certificate shall be placed in probation for a period of one (1) year from the date of the restoration of said certificate by the Board, subject to the conditions set forth in Paragraphs 3 and 4, below.

3. During this one-year probationary period, Russell shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Russell of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his surface miner or other certificates for the remainder of the probationary period.

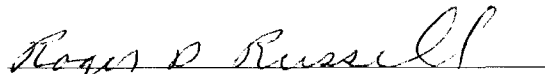

4. Russell shall submit to drug testing once every sixty (60) days and have the results of same reported to OMSL, at his own expense. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Russell understands and agrees that the report of any positive drug test results shall be cause for the revocation of his certificate(s).

Russell further agrees that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(13).

Russell and his counsel state that they have carefully read this Settlement Agreement; they have carefully considered the Agreement prior to signing it; and, that Russell understands and agrees to its terms and provisions.

OMSL and Russell acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
